

MyChart Child Proxy Access

For children up to age 18, parents or legal guardians can request proxy access to view their child's MyChart account by completing this Child Proxy Access form. Parents or guardians can complete this form to provide authorization for release of medical information on the NOAH Website at www.noahhelps.org/MyChart.

What is proxy access? Proxy access allows a parent, legal guardian, or caretaker to link the patient's/child's MyChart account to their own MyChart account. Linking the patient's/child's MyChart account to their own will allow the parents or guardians (proxies) to view and manage the personal health information of the patient.

For parents, guardians, or children who don't currently have a MyChart account, by submitting this form, a MyChart account will be automatically created.
